

Student Accessibility Support at Brandeis University

Brandeis University is committed to providing reasonable accommodations to individuals with appropriately documented physical, learning, or psychological disabilities; short-term and long-term.

Disclosing a disability and requesting accommodations are personal decisions. Brandeis does not require you to disclose the existence of a disability, but requesting accommodations does require that you disclose your disability. Be sure to contact Student Accessibility Support (SAS) as soon as possible to ensure all your accommodations are delivered in a timely manner.

For any questions regarding this process, please contact Scott Lapinski, Accessibility Specialist for Graduate Students, at 781-736-3470 or slapinski@brandeis.edu.
